

eSTOP™ Spec Sheet

eSTOP™ Lantern Battery Car Charger

Input socket: Vehicle Cigarette Lighter Aux

Input voltage: DC 10-28V 5A

Output voltage: DC 15V

Output current: 3A

Output power: 45W

Conversion efficiency: $\geq 88\%$

Green light $< 300\text{mA}$

Protective function: short circuit, open circuit, over voltage, over current protection.

One-year warranty

Product Certifications:

UL, CUL, CE, GS, CB, BS, SAA, FCC, ROHS

Operations:

Red LED: Charging

Green LED: Charge complete

Charging time: 7 hours to fully charge (1 at a time only) 21A eSTOP Lantern Battery
